

# NBP\_3400\_140

## Technical specifications

|                    |                                              |
|--------------------|----------------------------------------------|
| Central Wavelength | 3400 nm                                      |
| Peak transmittance | > 75 %                                       |
| FWHM               | 140 nm                                       |
| Blocking range     | 2.5 $\mu\text{m}$ – 5.5 $\mu\text{m}$ (OD 2) |
| Diameter           | 25 mm                                        |
| Thickness          | 0.5 mm                                       |
