## Technical specifications

|                    |                                           |
|--------------------|-------------------------------------------|
| Central Wavelength | 4300 nm                                   |
| Peak Transmittance | > 70%                                     |
| FWHM               | 200 nm                                    |
| Blocking range     | 2 $\mu\text{m}$ – 14 $\mu\text{m}$ (OD 2) |
| Diameter           | 25 mm                                     |
| Thickness          | 0.35 mm                                   |
